Wow, have we ever been busy! We were at 90% capacity for Thanksgiving with 90 rigs on site and we served Thanksgiving dinner to 50 RVers who contributed some great food to the pot luck.

With Winter setting in, we're welcoming all of our Snowbirds back for another great season in our desert oasis. Staying in the Palm Springs area this time of year not only has the advantage of wonderful weather but also affords our visitors an abundance of activities, both on and off the park.

If you happen to enjoy Winter sports, you're in luck as this year there is an outdoor ice skating rink

Everyone here had a great Thanksgiving dinner – plenty of great food and the company of good friends before going shopping to get the Black Friday deals.

November also was a special time here at Hidden Springs for Winston and I as we celebrated our 44th wedding anniversary here with family and friends.

December has brought us much cooler weather and also the return of the wagon train. Everyone loves to see the wagon train return and have the opportunity to tour their wagons and see how these folks camp. Some of our campers have been catching a few fish in the

The leaves have finally started falling from the trees and Frank and Gary have their hands full trying to mow the leaves; it's a lot of work when you consider that we have trees everywhere.

The Fall season is running late this year and our weather has really been very nice for this time of the year. People are traveling south now and are stopping overnight.

I hope everyone got to their destinations safe and sound. I have quite a few people here that are working in the area. Frank and I hope everyone had a great Thanksgiving and you have a good Christmas also. Cheryl Delay has her blow-up turkey in her front

the office building. With construction on our new office ongoing, we'll skip decorating the office itself but we'll still have a good time decorating the Christmas tree on Friday, December 9. Along with

the decorations there will be assorted drinks and munchies contributed by those attending.

Speaking of the new office, it's almost complete! By the time you read this Travis will be painting inside and out and by the middle of the month carpet should be installed so we can get back to normal. It's been quite a project and we owe a big Thank You to Mike Lawrence, who has done the framing, electrical, drywall, texturing and installation of doors and windows. Once complete, this remodel will present a much improved appearance to everyone who checks in for a stay here.

Our Saturday Night Campfires have begun and so far the new food events have been wonderful! As you

may have read earlier, this year free pizza will be served on the first Saturday of the month, along with cakes to celebrate everyone's birthdays and anniversaries for the month. On all other Saturday nights, we'll be supplying a main dish and the rest of the meal will be made up of pot luck contributions from those attending. So far the main dishes have been ham and baked potatoes on one night and an awesome turkey soup made from leftovers

from Thanksgiving...just like home! And as usual, our campers have provided some outstanding side dishes. We want to thank Mike Thompson's RV Superstores for continuing to sponsor the campfires. Their support has made this event a great success in the past and we look forward to it getting even better in the future.

In December many of our Work Campers return home for Christmas so during this month we'll still have the campfire every Saturday night but without meal service. I'm sure there will be some great munchies brought out to share along with each individual's choice of beverage.

Sites are filling up fast so be sure to make your reservations soon so you can join in all of the fun!
