This had to be the best New Year's Eve ever as we finally bid goodbye to 2020!

As we celebrated the holidays this year, it was one part joy and another part

With 2020 in the record books, we want to thank all of our employees and volunteers for their hard work during a stressful time.

Because of their dedication, Hidden Springs is so much improved that once again the campground attracts campers from not only Mississippi but from all over the United States.

As we enter the "off-season" our project for the total rehab of the main bathhouse begins. The building has been completely

We had a great Christmas as our campers came together to bring Santa to the campground, Covid style.

Here comes Santa!

Santa and Mrs. Clause rode around on golf carts to see the kids excitedly waiting and

The estimated completion time for the construction is two months so we expect to be ready for the season to begin April 1. We have also added two additional washers and dryers to our laundry room.

Our New Year's Celebration once again featured a

fireworks show on Friday, January 1, which attracted a full house. It was a great way to welcome in 2021!

We're taking advantage of our slow season by working hard on upgrades to the campground, beginning with the women's bathroom. It has been repainted and new shower doors, door locks and sink faucets installed.

Another free activity is the National Museum of the US Air Force; if you love airplanes, this is the place to go! They have flying machines ranging from what took the Wright Brothers on their first flight to today's modern marvels. There is also a space shuttle and several Presidential Air Force One aircraft. It's great for kids of all ages.

The Columbus Zoo and Aquarium is open to view the animals by day but if the holidays have shrunk your britches a bit, check out Workouts for Wildlife during January, beginning January 10. These are interactive yoga-based workouts focusing on lower body strength. All proceeds go to the Columbus Zoo Emergency Animal Care Fund.

those we have in order to give our members and guests even more incentive to visit.

Some of the best news we have to report is that all new WiFi equipment has arrived and will be installed and tested before the end of the month!

Also, last year we began what will certainly become a holiday celebration, thanks to Leo. As you recall, in the past we have placed the Christmas tree in the clubhouse and had a decoration party in mid-December. However, since this season gathering inside

was definitely unwise, Leo suggested we place the tree on the lawn in the Social Center. That allowed everyone to see the gorgeous 10 foot tree every time they walked or drove past. Don did his usual great job decorating and a new tradition was born.

One more welcome upgrade is currently ongoing in the clubhouse. Walls have been refinished in beautiful, real wood, handcrafted by Uncle Bob, and the next step will be installation of wood-look flooring. The same flooring will also replace the carpeting in the lobby and offices.

We wish you all a safe, happy and prosperous 2021, when we will be able to renew our friendships in person and enjoy the activities and celebrations we've all enjoyed so much in the past.

Happy New Year!
