Your beautiful, newly renovated Clubhouse

Despite the weather, we're still open for business and continue hosting not only our long term members, but RVers who stop in for a variety of reasons. Occasionally we provide an oasis for folks who have experienced mechanical troubles on the road and just need a place to plug in, cool down and relax a bit before continuing their journey.

As you can see in the accompanying photo, Uncle Bob has completed work on your new Clubhouse. You'll have to see for yourselves the awesome woodwork he's hand built for the walls and a new storage cabinet. Together with the new wood-look flooring and Kathy Novelli's beautiful new tables and chairs, it's a Clubhouse to be proud of.

Don, Travis, Lester, Mike and Beth are all working smart, beginning very early in the morning to accomplish the maintenance and repairs around the park, so you can rest assured we'll be ready for you once the incredible Fall and Winter seasons return, along with all of you!

not even a new record, it just tied a previous high temp! On too many nights, the temperature has remained at or above 100° at midnight. Oh, and if anyone thinks it being a "dry heat" makes much of a difference, I can assure it doesn't!

Make sure to stop by and take a look at our newly renovated bathhouses. A boat launch is available if you choose to bring your boat or kayak to enjoy a day on the Bogue Chitto River. We do offer tubes and kayaks for rent.

Hope to see you soon!

What would Summer be without pool games?

The month of August is going to be exciting and Back-to-School weekend is coming quickly. Lots of fun is awaiting you in this peaceful destination. Please make your reservations now to ensure that you have a spot to cool off and get away.

To start the month off, Friday, August 6 will be our Back-to-School weekend. Saturday, August 7 events start at 10:00 am and will continue all day long for a fun-filled day. The events start with a basketball game for everyone who wants to participate. At 11:00 am we will host a bike race, so bring your bike and enjoy the beauty of the park after the race. At 1:00 pm we will host a horseshoe game for everyone who would like to join.

Sunday will be a continuation of excitement starting at 10:00 am. You are never too old for a sack race, so grab a husband, wife or a friend and join in on the fun! Make sure that Hidden Springs is your destination for a fun-filled getaway to relax before the hustle and bustle of school starts. We offer creek access for the little ones to play in and a teen center where they can unwind and watch a movie. If your day has been too busy and you just don't want to cook, call the office and order a pizza.

make up for lost time during quarantine!

Even though we are just at the beginning of July, plans are being made for our Haunted Trail weekends in October. Tons of volunteers and seasonal campers look forward to getting their creep on and scaring the daylights out of people in our walk-through haunted trail. Covid delayed plans a bit last year, but this year it is well

June was chock full of fun- we had our first Survivor themed weekend that encompassed all things Survivor including hidden immunity idols, pool games, the Ultimate Survivor Challenge and ended by making fire with flint and toasting a marshmallow to make a S'more! I think the participants had lots of fun, even though at times it was hot and exhausting, but the audience had even more fun watching. Redneck weekend was also a hit, and we are sure to bring back the muddy tug-of-war sometime soon!

Weekday activities have also had an upswing in participation. The clubhouse was essentially closed last year due to Covid restrictions but this Spring has seen more groups playing cards, dominoes, and doing puzzles. We have started a bi-weekly adult craft time and have family games nights to encourage everyone to put down their phones and make some memories.

on its way to a frightening good time! If Halloween is your thing, get your reservation in now as the park is sure to book up.

Saturday mornings we will soon see volunteer led water aerobics. It is obvious that people are ready to
